With Mista Cleo

Capricorn

(Dec. 22- Jan. 19)

Fall is here, summer is over and winter is on its way. What does this mean for you? Well for one, Mista Cleo is more like your local meteorologist than your psychic adviser.

Aquarius

(Jan. 20- Feb. 19)

Stop, collaborate and listen... Mista Cleo's back with a brand new addition. If something (or someone), grabs a hold of you tightly, you should thank your lucky stars for Mista Cleo nightly. What does it mean? Do I have to spell it out for you? You're going to meet someone extra-special this month ya heard.

Pisces

(Feb. 20- March 20)

You're not going to meet someone extra-special this month, but that's okay. Remember what I told you last month, your extra-special someone is your ex, so get on it- or on them. Call them up and ask them in your sexiest voice, 'What are you wearing?' Trust me, that line is like money in the bank- cash money.

Aries

(March 21- April 19)

So here we are again... I know a million and one different things are going through your head right now. I wish I could tell you the answer was simple, but its not. Life is a pain in the ass we all know that. Sometimes you win, sometimes you lose and sometimes you tie. But we all know that when you tie

you lose, so I guess you can only win or lose. I'd recommend winning because no one likes a loser except the loser's significant other and their parents.

Taurus

(April 20- May 20)

Sunshine, lollipops and rainbows- really, I swear. Oh yeah, and the occasional snow.

Gemini

(May 21- June 20)

If your saying your voice doesn't make a difference this election year than shut the hell up. Get out and vote, holla atcha boy, let your voice be herd!

Cancer

(June 21- July 22)

Scientists are starting to believe eating your own boogers can help boost your immune system. Get

your immune system in top-notch shape before winter and eat up.

Leo

(July 23- Aug. 22)

"Am I going to have a good month this month Mista Cleo?" What?

"Am I going to have a good month this month Mista Cleo?" What? "I said, 'am I going to have a good month this month Mista Cleo?'" Ah, Yeah!

Virgo

(Aug. 23- Sept. 22)

Virgo, where'd you go? Oh I see you now. Sorry, I just wasn't looking in that direction. My bad.

Libra

(Sept. 23- Oct. 23)

Libra, you think I'm still funny and original don't you? Yeah? And inspiring? Ah, you're the greatest.

Scorpio

(Oct. 24- Nov. 22)

Scorpio? More like Pinocchio... Quit lyin', you know Mista Cleo is the bomb.

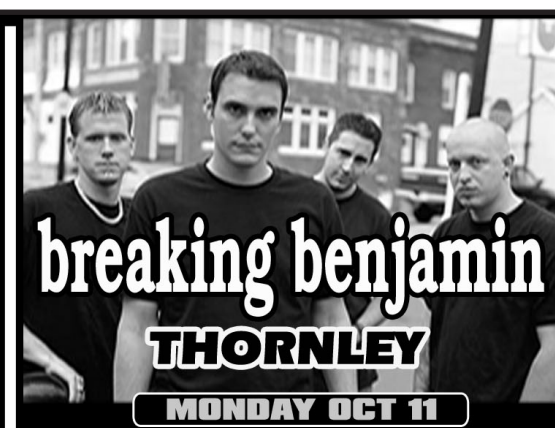

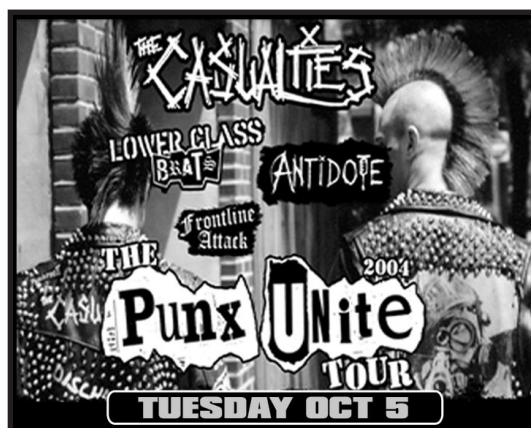

Sagittarius

(Nov. 23- Dec. 21)

Well there a million things I could tell you about this month and what it holds for you, but do you really want to hear all of it? Just remember to avoid corn at any costs. Green beans are fine this month, just remember what I said. Avoid corn at any costs.

"Don't forget to vote or the next four years of your life could end up in the crapper."
