

The Nanny: Nuff said.

They both kicked Rocky's ass, but the Hulkster also stomped Debo in No Holds Barred.

The A Team: played Sergeant Bosco "B.A." Baracus for five seasons and 98 episodes. On the A team Mr. T repeatedly fought to protect homeland security. Mr. T drove a bad ass black van with a red stripe.

Wrestlemania 1 and 2: In Wrestlemania 1 he defeated Rowdy Roddy Piper and Paul Wonderful Ordorff in a tag team match. His partner- Hulk Hogan. Mohammed Ali was the special guest referee.

Appearances:

Spotted by Sylvester Stallone on a tv show, "Games people play." He was competing in and won the "World's toughest Bouncer" competition (the competition included dwarf tossing which is now against the law).

Silver Spoons, Soul Train, Diff'rent Strokes, Saturday Night Live and Blossom.

Hulk Hogan

The Hulkster was in nearly every Wrestlemania to date and always competed in the main event. Hulk was the WWE (WWF before they lost a suit against the World Wildlife Foundation) and WCW champion six times. He won the Royal Rumble twice and he was the first person to body slam Anrdre the Giant and break the Iron Shiek's camel clutch, a major fiet in the future war on terror.

Thunder in Paradise: Hulk played an ex-Navy Seal who drove around in a bad ass cigarette boat which turned into war boat with the flip of a switch. The Hulkster also defended our national security by protecting out coastal waters.

Appearances: Walker Texas Ranger (Chuck Noras was the star of the show), The A Team, Saturday Night Live, and Bay Watch (David Hasslehoff and Pamela Anderson's chest were the stars of the show.)

Winner: Mr. T

Although staring on Walker Texas Ranger is bad ass, Thunder in Paradise sucked. I know the Hulkster was world champ a total of 12 times, but let's face it, television doesn't get any better than the A-Team. And besides, Mr. T had a guest appearance on Soul Train and Blossom- forget about it.

Mr. T sports a traditional Mandinka warrior hairstyle. He spotted the hairstyle on a National Geographic special and he wears it to remind him of his African roots.

Hulk Hogan

The Hulkster has been sporting the ultimate bald on top party in the back mullet for as long as this hulkamaniac can remember. The Hulkster has also been rockin' the handlebar moustache long before it was hot to be white trash.
